SINCE 2005

L & C Cabinetry: Quality and Value Since 2005

For over 18 years, L & C Cabinetry has proudly served the Southeast, providing high-quality kitchen and bath cabinetry. Our products are crafted with premium components, featuring superior upgrades that come standard offered at prices that are more affordable than most competitors.

With 300,000 square feet of warehouse space across North Carolina, Virginia, and Tennessee, we are equipped to deliver both flat-pack and fully assembled cabinets nationwide. Most orders are ready to ship within 3 to 7 days.

At L & C Cabinetry, we design, manufacture, and assemble all products ourselves, ensuring top quality at the best possible price by eliminating the middleman. This commitment to quality and value is why no one beats our prices.

Our products are available to builders, installers, developers, and dealers nationwide. We invite you to experience our unparalleled quality, convenience, and affordability. Visit one of our showrooms or explore our offerings online for more information.

L&C CABINETRY

Our kitchen has truly become the heart of our home, a place where memories are made and cherished every day. Thanks to L&C Cabinetry, we have a beautiful space that feels timeless and full of warmth.

-Lennox Fields

This vanity completely transformed my bathroom! The clean lines and ample storage make it both stylish and functional. Every detail feels high-quality, and it adds such a modern, elegant vibe to the space. Couldn't be happier with this addition!

-Williams, T Bridges

© COPY RIGHT OF L&C CABINETRY

Getting my kitchen organized was a game-changer. I may not have my whole life in order, but at least my kitchen is beautifully functional now. It was the perfect place to start!

-Lennox Fields

Beautiful cabinetry and design! The white cabinets, glass fronts and granite countertops add both elegance and functionality. This kitchen has truly become the heart of our home.

- Callan Pierce

Elegant and functional! The dark cabinets and glass tile backsplash add a modern touch, while the spacious island and pendant lighting make it perfect for cooking and entertaining. Highly recommend!

- Brinley Parker

I love this kitchen! The sleek gray cabinets and subway tile backsplash bring a modern, clean look, while the spacious island is perfect for both cooking and casual dining. It's a space that feels like the heart of the home!

- Arden Sinclair

Getting my kitchen organized was a game-changer. I may not have my whole life in order, but at least my kitchen is beautifully functional now. It was the perfect place to start!

-Casey Lane

LIMITED -3 YEARS WARRANTY

L&C Cabinetry offers a limited 3-year warranty (the “Limited Warranty”) to the original purchaser (“You”) of any cabinet or vanity distributed by us (each, a “Product”). This Limited Warranty applies exclusively to Products sold to the original purchaser. We guarantee that each Product will be free from defects in material and workmanship, under normal use and maintenance, for the specified warranty period.

What Does the limited Warranty Cover?

Subject to the exclusions and limitations outlined in this Limited Warranty, we warrant that each Product will be free from defects in material and workmanship under normal use and maintenance. The warranty period for your Product is valid as long as you own the dwelling or structure in which your Product was originally installed.

The Limited Warranty Does Not Apply to Products That Are:

- 1. Installed or used outdoors.
- 2. Used for purposes not intended or designed by us.
- 3. Subjected to misuse, vandalism, abuse, negligence, accidents, or unauthorized modifications.
- 4. Improperly stored (if the Product requires storage, it should be kept in a humidity- and temperature-controlled environment, away from direct sunlight).
- 5. Improperly installed, cleaned, or maintained (please consult the applicable Use and Care instructions for proper handling).
- 6. Exposed to improper temperature, moisture, or humidity extremes.
- 7. Damaged by fire, flood, acts of God, or other external causes beyond our control.
- 8. Exhibiting normal wear and tears.

WALL CABINET CONSTRUCTION

BASE CABINET CONSTRUCTION

CONSTRUCTION DETAILS / FOR D / G / M / S SERIES

- 1. **Concealed Hinges** – 6-way adjustable, with a 110-degree opening angle; 90-degree hinges are also available. Features a soft-close door system.
- 2. **Panel Construction** – Top, bottom, and side panels (wall cabinets) are constructed from 1/2” plywood with a wood veneer finish.
- 3. **Metal Brackets** – All cabinets include durable, all-metal brackets.
- 4. **Drawer System** – Undermount, heavy-duty, self-close glide system with full extension. Includes 1/2” thick hardwood dovetail drawer boxes.
- 5. **Soft-Close Bumpers** – 3M soft door and drawer bumpers for added protection and quiet closing.
- 6. **M-Series door is HDF**

Supporting Industry Professionals
– No Job Is Too Big or Too Small

"I'm beyond impressed with my L&C Cabinetry kitchen. The quality is outstanding, from the solid wood frames to the smooth soft-closed drawers. It's a beautiful, functional space that feels built to last!"

-Lila Merrick

Frameless Cabinet Collection

Our Frameless Cabinet line offers a sleek, modern design with maximum storage capacity. Built without a face frame, these cabinets provide full access to the interior, making them ideal for contemporary kitchens. With clean lines and high-quality finishes, our frameless cabinets are crafted for both style and functionality, ensuring a seamless look that elevates any space.

FRAMELESS COLLECTION

E1 GLOSSY WHITE

Our Frameless Glossy White cabinets bring a bright, clean look to any kitchen. This finish reflects light beautifully, creating an open and airy feel that complements modern, minimalist spaces.

E2 GLOSSY DARK GREY

The Frameless Glossy Dark Grey finish offers a sophisticated, contemporary vibe. Its sleek, dark tone adds depth and contrast, perfect for achieving a refined and modern aesthetic.

E3 MIELE OAK

This warm wood grain finish adds a natural and sophisticated look, creating a cozy and inviting atmosphere in any kitchen.

L&C·CABINETS

Frameless Cabinet Construction

- **European-Style Frameless Design:** Maximizes storage and provides a sleek, seamless look.
- **Material:** 3/4-inch thick, cabinet-grade plywood box with a white melamine finish for durability.
- **Shelving:** 3/4-inch thick, cabinet-grade plywood shelving with front edge banding.
- **Drawers:** 3/4-inch thick, cabinet-grade plywood drawer box.
- **Hardware:** DTC concealed undermount, full-extension drawer glides with soft-close feature
DTC adjustable hinges with soft-close function for smooth and quiet operation
- **Additional Features:** Metal shelf pins for stability -Rubber door bumpers for added protection and quiet closing

E4 DUSK WOOD

The Dusk Wood finish provides a rich, dark tone that enhances modern kitchen designs with a sleek, refined aesthetic.

E1 GLOSSY WHITE

E2 GLOSSY DARK GREY

E3 MIELE OAK

E4 DUSK WOOD

The Delicate Art of Cleaning High Gloss Kitchen Cabinets

High-gloss cabinets require careful cleaning to maintain their shine and appearance. Follow these guidelines to ensure a showroom finish without compromising quality.

Gentle Cleaning Tools for Achieving a Clean Glossy Finish

- **Microfiber Cloth:** Use a soft, lint-free microfiber cloth for dusting and polishing without scratching the surface.
- **Mild Soap Solution:** Mix gentle dish soap with water. Apply lightly to avoid soaking the wood beneath the gloss.
- **Avoid Abrasives:** Do not use cleaners with abrasive particles, scrubbing pads, or harsh chemicals, as they can dull the gloss.

Taking Care of Stains and Spills

- **Dealing with Grease and Oil:** Use a cloth with mild detergent to gently remove grease.
- **Removing Water Marks:** Apply a paste of baking soda and water with a soft cloth.
- **Dealing with Stubborn Stains:** A vinegar and water solution can help, but test on a small area first to ensure it does not affect the gloss.

FLOOR

FLOOR-ING

L&C Flooring is crafted from high-quality Stone Polymer Composite (SPC). Our flooring features a durable 20-mil wear layer with a transparent topcoat, designed to resist scratches, stains, fading, and more—ensuring longevity and easy maintenance for any space.

Specifications:

- **Size:** 48 in x 7.25 in planks, 19.12 SF / box
- **Wear Layer:** 20-mil for enhanced durability
- **Thickness:** 0.25 in
- **Pattern Alignment:** Synchronous pattern alignment for a realistic wood appearance
- **Edge Treatment:** Chamfered edges with chamfer paint for a refined finish
- **Acoustic Padding:** 1.5 mm foam acoustic pad for noise reduction and comfort

SPC FLOORING STRUCTURE

Flooring Layers:

- 1. **UV Coating** – Provides added protection against fading, scratches, and daily wear, ensuring long-lasting beauty.
- 2. **Wear Layer** – A 20-mil thick layer that resists scratches and stains, preserving the floor’s appearance over time.
- 3. **Decor Film Layer** – Adds realistic textures and designs, creating the appearance of natural wood or stone.
- 4. **SPC Core** – The rigid stone polymer core offers superior stability and water resistance, ideal for high-traffic areas.
- 5. **Back Padding** – Includes a 1.5 mm foam acoustic pad for added comfort and sound absorption, reducing noise in any room.
- 6. **Click Lock System** – Ensures secure and seamless installation, making it quick and easy to install without the need for adhesives.

Bowl Size:28"x16"
Depth:9"
Drain Opening: 3-1/2"

MEASUREMENT GUIDE

Before You Start

- ★ Record all measurements in inches (do not round).
- ★ Ensure all recorded measurements are clear and legible.
- ★ Assign one person to handle and record all measurements.

Record Ceiling Heights & Wall Lengths

- ★ Draw an outline of the room.
- ★ Record ceiling height on your outline:
 - ✦ Measure from the floor to the ceiling or the base of the soffit.
- ★ Record wall lengths on your outline:
 - ✦ Start in one corner of your project area and measure to an adjacent wall.
 - ✦ Continue around the room until all necessary walls have been measured.

Measure Windows

- ★ Include window trims in your measurements.
- ★ Record each window's width, height, and distance from the floor to the window on your outline.
- ★ Add window locations to your outline:
 - ✦ Start at the corner of any wall containing a window, measuring to the outside trim or edge of the window.
 - ✦ Continue around the room until all windows have been added to your layout.

Measure Appliances

- ★ Measure or research the width, height, and depth of your sink and all appliances.
- ★ Add the sink location to your outline:
 - ✦ Start at the corner of the sink wall and measure to the center of your sink.
- ★ Add appliance locations to your outline:
 - ✦ Note the dishwasher's location in relation to the sink (left or right).
 - ✦ Start at the range wall corner and measure to the edge of your range.
 - ✦ Start at the refrigerator wall corner and measure to the edge of your refrigerator.

Record all measurements in inches (do not round) on the next page.

Steps for Accurate Room Measurements

1. Draw an Outline of the Room
 - Create a simple sketch of the room's shape.
2. Measure Wall Lengths and Ceiling Height
 - Record the length of each wall from corner to corner.
 - Measure the ceiling height from the floor to the ceiling (do not include any existing cabinets in this measurement).
3. Mark Doorways and Windows
 - Indicate the location of each doorway and window on your outline.
 - Record the width of each, including any trims, as well as the distance from the wall corner.
4. Add Appliance Locations
 - Identify the placement of appliances such as the sink, range, and refrigerator.
 - Measure and record the width of each appliance and its distance from adjacent walls.

Make sure all the recorded measurements are clearly legible

Ceiling Height	_____ Inches
Drop down/ soffit ceiling?	☐ yes / ☐ no
Cabinets to the ceiling?	☐ yes / ☐ no
Crown Molding?	☐ yes / ☐ no
Assembly?	☐ yes / ☐ no
Delivery?	☐ yes / ☐ no
If Yes - Phone number of person receiving delivery	

This image shows a full page of blank graph paper. The grid consists of thin, light gray horizontal and vertical lines that intersect to form a uniform pattern of small squares across the entire page. There are no margins, text, or other markings present.

This kitchen brings such warmth to our home. The clean white cabinets and cozy backsplash make it feel like the true heart of our family gatherings. Love it!

- Drew Lawson

WELCOME & THANK YOU

Thank you for choosing L&C Cabinetry. Our commitment to quality, timely delivery, and affordability ensures a strong and positive relationship with our clients. Our goal is to consistently provide the best quality cabinetry at the right price.

1. **Skilled Workforce:** L&C Cabinetry employs over 600 workers and ships more than 100 containers to the U.S. every month.
2. **Extensive U.S. Warehousing:** We have six warehouses across the United States, holding over 160,000 SKUs in stock to ensure products are always available.
3. **Sourcing Excellence:** Our factory in Vietnam sources high-quality solid wood materials, allowing us to maintain a reliable supply and timely production.
4. **Diverse Product Range:** We offer three distinct product lines with over 13 unique style designs to meet varied customer preferences.
5. **Large-Scale Storage:** Our 400,000-square-foot warehouse supports the efficient delivery of all orders within a two-week timeframe.
6. **Quality Certifications:** L&C Cabinetry holds CARE, CE, and ISO9001 certifications and is a proud member of NKBA and KCMA, affirming our dedication to high standards.
7. **Health-Conscious Finishes:** Our cabinets use VOC-compliant products to ensure a healthier, eco-friendly finish on all Kitchen & Bath cabinets.

Once again, we appreciate your support and extend our sincere gratitude for the opportunity to serve you.

ABOUT L&C·CABINETR

QUALITY CONTROL

At L&C Cabinetry, we maintain stringent quality control standards to ensure that only the best materials and products reach our customers. Our dedicated Quality Control (QC) team conducts a meticulous inspection, examining each piece of raw material upon arrival at our factory. This rigorous process guarantees that every component meets our high standards before production begins.

FACTORY

HARDWOOD PRODUCTIVITY

L&C Cabinetry utilizes advanced equipment to ensure precision and efficiency in hardwood processing. Our facility is equipped with:

- Calibrating Sanders: For smooth and uniform wood surfaces.
- Fine Sanders: For achieving fine, detailed finishes.
- Profile Sanders: Specialized for shaping detailed wood profiles.
- Dovetail Machine: Ensures strong, interlocking joints.
- High-Frequency Assembly Machine: Enhances assembly speed and strength.
- Mortise and Tenon Machine: Creates durable joints for superior construction.

PAINT FINISH ABILITY

To meet diverse customer paint requirements, L&C Cabinetry is equipped with a state-of-the-art paint finishing line, including:

- Automatic Sprayer: Delivers consistent, high-quality coating.
- Roller Stain Machines: Three rollers for uniform stain application.
- UV Line with Four Steps: Ensures a durable, cured finish.
- Paint Hanging Line: Allows for efficient drying and finishing processes.
